Lore

Edit

In the Age of Fire, Anor Londo was the "City Of Gods" where Gwyn, Lord of Cinder, once ruled. Gwynevere and Gwyndolin, the children of Gwyn, also lived here. In the times of the kingdom of Lothric, things have changed. The beautiful city that once had a glowing sunlight is now dark. The cathedral where the Chosen Undead once fought Ornstein and Smough is now home to Aldrich, Devourer of Gods. The chamber that once held Gwynevere now has nothing but the Sun Princess Ring. The only trace of the great rulers is Captain Yorshka, a "daughter" of Gwyn.
